ageLOC R² NIGHT

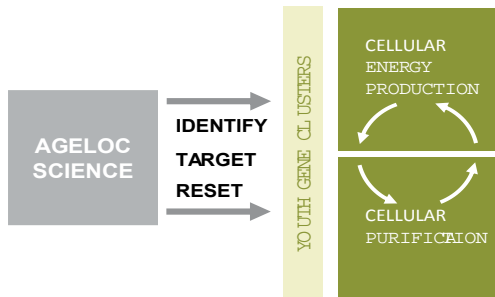

Membersihkan dan memperbaiki sel saat kita tidur - sehingga saat bangun kita merasa segar dan sehat.

ageLOC R² DAY

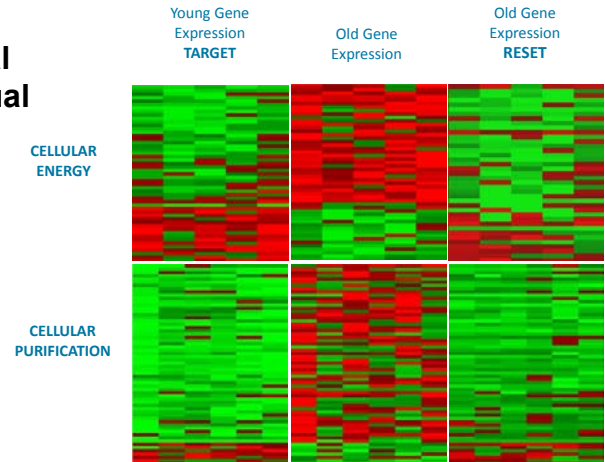

Merangsang sel untuk memproduksi energi yang optimal - sehingga siap beraktivitas dan bersemangat.

Mempertahankan vitalitas keremajaan, seperti:

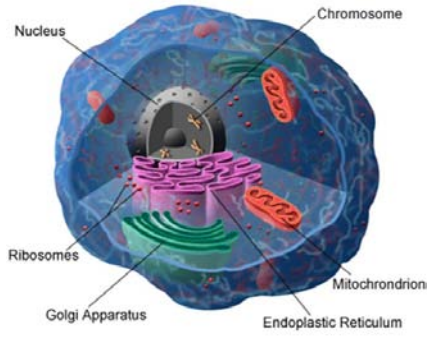

- **Kekuatan Fisik**
- **Ketajaman Mental**
- **Kesehatan Seksual**

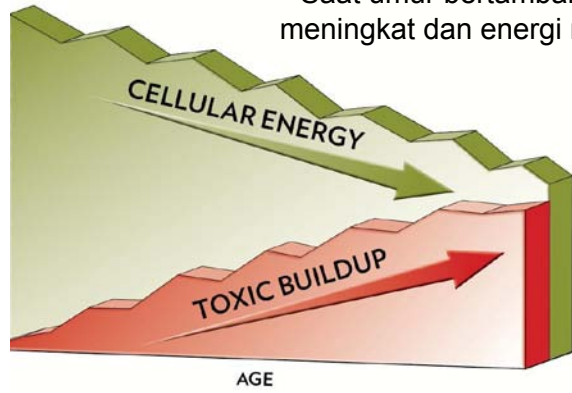

Dengan perawatan menggunakan AgeLOC, ekspresi gen yang menua 92% dikembalikan ke pola aktivitas remaja.

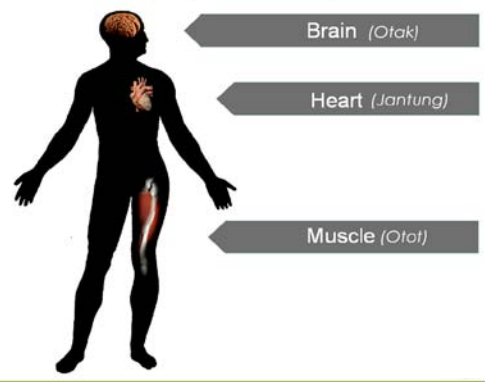

Mitochondria adalah dapur dari sel untuk memproduksi energi, tetapi juga melepas racun yang bisa terakumulasi di dalam tubuh.

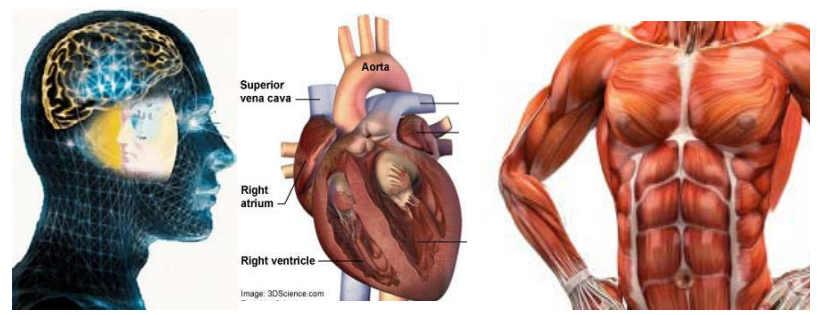

Saat umur bertambah, racun meningkat dan energi menurun.

Mitochondria Highly Concentrated In:

AgeLOC R2 mereset ekspresi gen mitochondria untuk membersihkan DNA dan tambah energi untuk seluruh tubuh, termasuk otak, jantung dan otot.

Didasarkan ilmu dan penelitian yang sangat kuat.
